**EXPLANATORY NOTE**

This bill seeks to establish an educational assistance program called “Baon Para sa Iskolar ng Bayan” that shall grant an annual stipend for public school students from Kinder to Grade 12. Public school students enrolled in Kindergarten to Grade 8 shall receive an amount of P1,000.00, and those enrolled in Grades 9 to 12 shall receive an amount of P2,000.00. Further, the Department of Education is mandated to lead the program and establish a standardized monitoring system to ensure that such program is effectively implemented.

Section 1, Article XIV of the 1987 Constitution affirms that the State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all. It shall also establish a system of incentives which shall be available to deserving students, most especially to the underprivileged.

Quality education is an inherent right deserve by most if not all Filipinos. Beyond our individual differences, educational plays a pivotal role in driving social change, fostering empowerment, and promoting equality.

However, due to factors such as poverty and other financial challenges, many students in the country are hindered from finishing their studies. According to a 2021 report of UNESCO, at least 36% of Filipino families have to obtain loans or incur debts to afford their children's education.<sup>1</sup>

This measure seeks to address such perennial problem by granting a stipend to most public school students to alleviate their educational expenses. It upholds our initiative and commitment to education and our staunch belief in the potential of the Filipino youth.

In view of the foregoing, the immediate passage of this bills is earnestly sought.
